Year 6

We hope you have been enjoying the beautiful sunshine the past couple of days and that you had a lovely Easter, even if you have had to stay at home unlike other years. Thank you for all of the fantastic work you have also been doing – we have been sent lots of examples so thank you! Here are a few more tasks for you if you are looking for some more learning to sink your teeth into. Remember, you can find all the home learning packs on our website. Peace Pole Project 2020

A Peace Pole is an internationally recognised symbol of mankind's hope and dreams, standing still as a silent prayer for peace on earth. Traditionally every Peace Pole bears the message,

May Peace Prevail On Earth.

In Year 6, we have been tasked to create our own Peace Pole which will go outside of the school office. We would like you to:

1. Research different Peace Poles - Where are they? What are they made of? What do they look like? Why have they been put there?
2. Create your own design for a Peace Pole by splitting a portrait page into 4 sections. Each section represents one side of the pole.

Remember, somewhere it needs to say... *May Peace Prevail On Earth.*

Other than that, the choice is yours. If you don't have the colours you would like at home, then label the design with the colours you would choose.

3. On the page next to your Peace Pole design, explain why you have made the choices you have – Why did you choose those colours? Why did you choose those patterns? Why did you put those images there?

We look forward to seeing as many of these designs when we get back!
