

# WICKHAM CHURCH OF ENGLAND PRIMARY SCHOOL

INCLUDING EXTENDED SERVICES

## HEALTH AND SAFETY POLICY

### STATEMENT OF INTENT

It is our policy to carry out our activities in such a way as to ensure so far as is reasonably practicable, the health, safety and welfare of our employees and all persons likely to be affected by our activities including the general public where appropriate. We will co-operate and co-ordinate with partnerships, contractors, sub-contractors, employers, Hampshire County Council (HCC) departments and the occupiers and owners of premises and land where we are commissioned to work in order to pursue our Health and Safety Policy aims.

Our aims are to:

- ☒ Provide and maintain a safe and healthy working environment ensuring the welfare of all persons;
- ☒ Maintain control of health and safety risks arising from our activities;
- ☒ Comply with statutory requirements as a minimum standard of safety;
- ☒ Consult with all staff on matters affecting their health, safety and welfare;
- ☒ Provide and maintain safe systems, equipment and machinery;
- ☒ Ensure safe handling, storage and use of substances;
- ☒ Provide appropriate information, instruction and supervision for everyone;
- ☒ Ensure staff are suitably trained and competent to do their work safely;
- ☒ Continually develop a safety culture to remove or reduce the possibility of accidents, injuries and ill-health;
- ☒ Assess risks, record significant findings and monitor safety arrangements;
- ☒ Review and revise safety policies and procedures periodically and when circumstances may introduce a requirement to amend or improve arrangements;
- ☒ Develop and maintain a positive health and safety culture through regular communication and consultation with employees and their representatives on health and safety matters.

Our health and safety management system has been developed to ensure that the above commitments can be met. All staff and governors will be instrumental in its implementation.

## **ORGANISATION**

### **Employer Responsibility**

The overall responsibility for health and safety at Wickham Church of England Primary School is held by Hampshire County Council who will:

- ☒ Ensure that health and safety has a high profile;
- ☒ Ensure adequate resources for health and safety are made available;
- ☒ Consult and advise staff regarding health and safety requirements and arrangements;
- ☒ Periodically monitor and review local health and safety arrangements.

### **Responsible Manager**

The responsible manager for the site is the Headteacher, who will act to:

- ☒ Develop a safety culture throughout the site;
- ☒ Consult staff and provide information, training and instruction so that staff are able to perform their various tasks safely and effectively
- ☒ Assess and control risk on the premises as part of everyday management;
- ☒ Ensure a safe and healthy environment and provide suitable welfare facilities;
- ☒ Make operational decisions regarding health and safety;
- ☒ Ensure periodic safety tours and inspections are carried out;
- ☒ Ensure significant hazards are assessed and risks are managed to prevent harm;
- ☒ Ensure staff are aware of their health and safety responsibilities;
- ☒ Periodically update the governing body and extended services partners as appropriate;
- ☒ Produce, monitor and periodically review all local safety policies and procedures.

### **All Staff and Volunteers**

All staff have a statutory obligation to co-operate with the requirements of this policy and to take care of their own health and safety and that of others affected by their activities by:

- ☒ Supporting the school health and safety arrangements;
- ☒ Ensuring their own work area remains safe at all times;
- ☒ Not interfering with health and safety arrangements or misusing equipment;
- ☒ Complying with all safety procedures, whether written or verbally advised, for their own protection and the protection of those who may be affected by their actions;
- ☒ Reporting safety concerns to their staff representative or other appropriate person;
- ☒ Reporting any incident that has led, or could have led, to damage or injury;
- ☒ Assisting in investigations due to accidents, dangerous occurrences or near-misses;
- ☒ Not acting or omitting to act in any way that may cause harm or ill-health to others.

### **Caretaker**

The Caretaker for the site is responsible for undertaking a wide range of typical health and safety related duties on behalf of, and under the direction of, the Headteacher. He is to work within the parameters of any provided training and in accordance with risk assessments and the on-site safe working practices. He is to work within his level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health and Safety Team as required.

### **On-Site Health and Safety Co-ordinator**

The on-site health and safety co-ordinator is the Senior Administrative Officer. She will manage, advise and co-ordinate local safety matters on behalf of, and under the direction of, the Headteacher. She is to work within her level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health and Safety Team as required.

### **All Teachers and Support Staff**

The responsibility of applying local safety procedures on a day-to-day basis rests with the teachers and support staff. Where any new process or operation is introduced in the area of their responsibility, they are to liaise appropriately so that the associated risks are assessed and any precautions deemed necessary are implemented. They are to ensure that all new members of staff under their control are instructed in their own individual responsibilities with regards to health and safety, and they will appropriately monitor those new members of staff. They are to make periodic inspections of their areas of responsibility, taking prompt remedial action where necessary to control risk.

### **Fire Safety Co-ordinator**

The Senior Admin Officer is the fire safety co-ordinator who is the competent person for fire safety on the premises and acts on behalf of the Headteacher. She has attended the fire safety co-ordinator training course and will refresh this training every three years. The fire safety co-ordinator is responsible for the local management and completion of day-to-day fire safety related duties and upkeep of the fire safety manual.

The fire safety co-ordinator is to work within her level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health and Safety Team as required.

### **Facilities Management Trained Staff**

The Senior Admin Officer is the facility management trained member of staff who is the competent person for the overall management of general premises facilities and acts on behalf of the Head teacher. She has attended the facilities management training course and will refresh this training every six years. She is responsible for the local management and completion of day-to-day premises matters and duties.

She is to work within her level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health and Safety Team as required.

### **Health and Safety Representative**

The premises health and safety representative will represent the staff with regard to their health and safety at work. They are expected to promote a positive safety culture throughout the premises and carry out the health and safety duties appropriate to their role in accordance with current guidance and legislative requirements.

### **Legionella Competent Person**

The Caretaker is the nominated competent person for Legionella on the site and acts on behalf of the Headteacher to provide the necessary competence to enable Legionella to be managed safely. He is to annually complete the Legionella e-learning course and all training records are to be retained.

He will ensure that all periodic and exceptional recording, flushing, cleaning and general Legionella management tasks are correctly completed and recorded in accordance with departmental and corporate requirements. He will advise the Headteacher of any condition or situation relating to Legionella which may

affect the safety of any site users. He is to work within his level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health and Safety Team as required.

### **Asbestos Competent Person**

The Caretaker and the Senior Admin Officer are the nominated competent persons for asbestos on the premises and act on behalf of the Headteacher to provide the necessary competence to enable asbestos to be managed safely in accordance with the Corporate Procedure.

They will ensure that all staff have a reasonable awareness of asbestos management and dangers. They will ensure that the appropriate staff are competent in the use of the asbestos register and that asbestos is managed in accordance with departmental and corporate requirements. They will advise the Headteacher of any condition or situation relating to asbestos, which may affect the safety of any premise's users. They are to work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health and Safety Team as required.

### **Accident Investigator**

The on-site trained accident investigator is the Headteacher who will lead on all accident investigations in accordance with departmental and corporate procedures.

## **ARRANGEMENTS**

The following arrangements for health and safety have been developed in accordance with the Management of Health and Safety at Work Regulations 1999. These arrangements set out all the health and safety provisions for Wickham Church of England Primary School and Extended Services operating on-site and are to be used alongside other school procedures and policies.

In carrying out their normal functions, it is the duty of all managers and staff to act and do everything possible to prevent injury and ill-health to others. This will be achieved in so far as is reasonably practicable, by the implementation of these arrangements and procedures.

### **Accident/Incident Reporting and Investigation**

The on-site management, reporting and investigation of accidents, incidents and near misses is carried out in accordance with departmental and corporate policy requirements.

Any accident, incident or injury involving staff, visitors or contractors is to be reported and recorded on the HCC Accident / incident reporting form online. A copy of the completed form is then automatically sent to the Children's Services Health and Safety team. The person reporting the incident and the Headteacher will receive a request to carry out an investigation and a link on which to record it. The purpose and intended outcome of the investigation is to identify the immediate and underlying causes of the accident so as to be able to implement appropriate measures to prevent reoccurrence.

Minor accidents to pupils are to be recorded in the minor incident book located in the school office.

More serious accidents, that are notifiable to the Health and Safety Executive (HSE), will be notified to the Children's Services Health and Safety Team (CSHST) for them to report. A copy of the form will then be created by CSHST and sent to the HSE.

The Headteacher will ensure that the governing body is appropriately informed of all incidents of a serious nature. All accident/incident reports will be monitored by the Senior Admin Officer for trend analysis in order that repetitive causal factors may be identified to prevent reoccurrences.

Premises' hirers and community/extended service/third party users must report all incidents related to unsafe premises or equipment to the school office, who will appropriately report and investigate each incident. Incidents related to the user's own organised activities are to be reported by them in line with their own reporting procedures.

### **Asbestos Management**

Asbestos management on site is controlled by the nominated competent persons – the Caretaker and the Senior Admin Officer. The asbestos register, as issued by the Asbestos Team, is located in the Admin Office and is to be shown to all contractors who may need to carry out work on site. Contractors must sign the register as evidence of sighting prior to being permitted to commence any work on site.

The Head teacher and nominated competent person(s) must complete the asbestos checklist relevant to their role when they are appointed. Copies of these must be kept with the asbestos register.

Any changes to the premises' structure that may affect the asbestos register information will be notified to PBRS in order that the asbestos register may be updated accordingly.

Under no circumstances must staff drill or affix anything to walls that may disturb materials without first obtaining approval from the Caretaker or the Senior Admin Officer.

Any damage to any structure that possibly contains asbestos, which is known or identified during inspection, should be immediately reported to the Headteacher and the Caretaker who will immediately act to cordon off the affected area and contact the Asbestos Team for guidance. Any contractor suspected to be carrying out any unauthorised work on the fabric of the building should be immediately stopped from working and reported to the Headteacher and Caretaker / Senior Admin Officer.

### **Community Users, Extended Services and Lettings**

Extended Services operating on the Wickham Church of England Primary School site are:

- ☒ Time Out Breakfast and After School Club;
- ☒ Wickham Pre-school.

The Headteacher will ensure that:

- ☒ Extended Service partners and third parties operate under hire agreements;
- ☒ A risk assessment for the activity is completed;
- ☒ The premises are safe for use and are always inspected prior to, and after each use;
- ☒ Means of general access and egress are safe for use by all users;
- ☒ All provided equipment is safe for use;
- ☒ Fire escape routes and transit areas are safe and clear of hazards;
- ☒ Hirers and users are formally made aware of fire safety procedures and equipment.

### **Contractors on Site**

HCC approved contractors are used, whenever possible, for contractual work on the premises. Where non-HCC approved contractors may be required or selected for use then appropriate safe selection procedures are to be used to ascertain competence prior to engaging their services. The departmental CSAF-013 Safe Selection of Contractors Checklist is to be used to determine competence of non-HCC contractors who will require adequate risk assessments to demonstrate their safe working practices for specific work being undertaken.

All contractors must report to the Admin Office where they will be asked to sign the visitors book and asbestos register. All contractors must be issued with the information leaflet for visitors and contractors that includes all relevant details of fire safety procedures and local safety arrangements. Admin staff, or the Caretaker if he is on site, are responsible for monitoring work areas and providing appropriate supervision if the contractor's work may directly affect staff and pupils on the premises.

### **Curriculum Activities**

All safety management and risk assessments for curriculum-based activities will be carried out under the control of the relevant teachers using the appropriate codes of practice and safe working procedural guidance for Design and Technology, Science, Music, Physical Education and Sport, Art, Swimming, outdoor learning and Drama as issued by CLEAPSS, HIAS and HCC. Teachers will be responsible for local risk management and ensuring that maintenance of equipment and premises in their areas of the curriculum are managed safely following the appropriate guidance.

### **Display Screen Equipment**

All users must complete the display screen equipment e-learning course every year. All users must carry out periodic workstation assessments using CSAF-001 Workstation Assessment Form. Workstation assessments will be actioned as necessary by line managers and routinely reviewed at intervals not exceeding three years.

### **Electrical Equipment**

The Headteacher will ensure that:

- ☒ Only authorised and competent persons are permitted to install or repair equipment;
- ☒ Where 13-amp sockets are in use, only one plug per socket is permitted;
- ☒ Equipment is not to be used if found to be defective in any way;
- ☒ Defective equipment is to be reported and immediately taken out of use until repaired;
- ☒ All portable electrical equipment will be inspected/tested at annual intervals;
- ☒ Equipment testing/inspection can only be carried out by a competent person, as arranged by the Senior Admin Officer.
- ☒ Private electrical equipment is not to be brought onto the premises or used unless its use is approved by management and it has been tested;
- ☒ New equipment must be advised to the Senior Admin Officer in order that it can be added to future PAT testing schedules.

Any defective or suspected defective equipment, systems of work, fittings etc must be reported to the Caretaker and attended to as soon as possible.

### **Emergency Procedures**

Emergency evacuation for fire and non-fire related emergencies is to be carried out in accordance with the school emergency evacuation plan.

All staff will receive a brief and a copy of the emergency evacuation plan at induction, and they will be reminded of the plan on an annual basis – usually at the Autumn term INSET day. They will be periodically provided with updated information as the emergency evacuation plan is routinely reviewed and amendments are introduced.

Personal Emergency Evacuation Plans are to be completed, provided and exercised for any vulnerable persons to be able to ensure safe, assisted evacuation in the event of an emergency incident.

## Fire Safety

Arrangements regarding fire safety are set out in the Fire Safety Manual. The fire safety co-ordinator is the Senior Admin Officer; she is the competent person for fire safety on the premises and is the immediate point of contact for all fire safety related enquiries on site.

The Headteacher will ensure through the fire safety co-ordinator that:

- ☒ All staff complete the mandatory *fire safety induction e-learning course* every year;
- ☒ Fire safety procedures are readily available for all staff to read;
- ☒ Fire safety information is provided to all staff at induction and annually thereafter;
- ☒ Fire safety notices are posted in the key areas of the building close to the fire points;
- ☒ Evacuation routes and assembly points are clearly identified;
- ☒ Staff are aware of their own responsibilities for knowing the location of fire points and fire exits - they should also know the location of the assembly point in the event of fire;
- ☒ All staff are familiar with the flammable potential of materials and substances that they use and exercise maximum care in their use, especially with those marked *flammable*;
- ☒ Fire evacuation procedures, fire safety training and fire alarm testing are carried out in accordance with corporate guidance and the premises fire safety manual;
- ☒ The fire risk assessment is reviewed annually by the fire safety co-ordinator and amended as new hazards or required amendments are identified.

## First Aid

Arrangements regarding first aid provision are set out in the First Aid Policy. The names and locations of the first aid trained staff on site are listed in the first aid policy.

First aid is never to be administered by anyone except first aid trained staff with in-date training certification, operating within the parameters of their training.

## General Equipment

All general equipment requiring statutory inspection and/or testing on site (eg. boilers, hoists, lifting equipment, local exhaust ventilation, PE equipment, climbing apparatus) will be inspected by appropriate competent contractors as provided by the term contractor under PBRS arrangements, or as locally arranged.

Equipment is not to be used if found to be defective in any way. Defective equipment is to be reported and immediately taken out of use until repairs can be carried out.

## Glazing

Glass and glazing on site has been surveyed and risk assessed to ensure that it is suitable safety glass for the area in which the glazing is located. The survey and assessment are kept in the Health and Safety folder in the school office and are reviewed every three years or when there are changes to the premises.

## Good Housekeeping

Tidiness, cleanliness and efficiency are essential factors in the promotion of good health and safety. The following conditions are to be adhered to at all times:

- ☒ All corridors and passageways are kept free from obstruction;
- ☒ Shelves in storerooms and cupboards are stacked neatly and not overloaded;
- ☒ Floors are kept clean and dry, and free from slip and trip hazards;

- ✘ Emergency exits and fire doors are not obstructed in any way;
- ✘ Supplies are stored safely in their correct locations;
- ✘ Rubbish and litter are cleaned and removed at the end of each working day;
- ✘ Poor housekeeping or hygiene conditions are immediately reported to the Senior Admin Officer.

## **Hazardous Substances**

Hazardous substances, materials, chemicals and cleaning liquids are not permitted to be used or brought into use on site unless a documented COSHH assessment has been undertaken by the trained COSHH assessor, and the product has been approved for safe use on site by the Headteacher. The site COSHH assessor acting on behalf of the Headteacher is the Caretaker.

When using a harmful substance, whether it is a material, cleaning fluid or chemical substance, staff must ensure that adequate precautions are taken to prevent ill-health in accordance with the COSHH assessment completed for that hazardous substance. Staff must never attempt to use a harmful substance unless adequately trained to do so, and then only when using the safe working practices and protective equipment identified in the COSHH assessment.

All hazardous substances are to be stored in the secure and signed storage when not in use which is the Caretaker's Store for this site. This is to remain locked at all times.

## **Inspections and Monitoring**

Daily monitoring of the premises, through working routines and staff awareness, is expected to identify general safety concerns and issues which should be immediately recorded in the Site Issues File stored in the Admin Office and reported to the Caretaker.

Routine documented inspections of the premises will be carried out every half term in accordance with the premises Health and Safety rota. Inspection findings are to be recorded on the locally adapted CSAF-005/CSAF-010 Monthly Premises Safety Inspection Checklist.

Defects identified during these routine documented inspections are to be immediately reported to the Caretaker and / or Senior Admin Officer and recorded in the Site Issues File. Any identified high-level risks or safety management concerns are to be actioned at a staff meeting.

It is the school's responsibility that the termly Health and Safety web monitoring form is completed by the Senior Admin Officer. This monitoring form will focus on different areas each term and is an integral part of the School and CSHST monitoring programmes.

## **Kitchens**

The main kitchen area is only to be used by authorised staff in accordance with the identified safe working procedures. Authority and procedures for local management of the main kitchen is managed by HC3S. Any persons not normally authorised but wishing to enter the kitchen area must gain approval prior to entry and must strictly adhere to the kitchen safe working practices.

Safe working procedures and authorised access for other kitchen and food preparation areas used for curriculum activities are included in the appropriate codes of practice and safe working procedural guidance.

## **Legionella Management**

Legionella management on site is controlled by the Legionella competent person - the Caretaker - who will manage and undertake all procedures regarding Legionella in accordance with Hampshire County policy and guidance. Records of all related training, flushing, temperature monitoring, cleaning and defects are to be retained for auditing purposes.

## **Lone Working**

All lone working is to be approved by the Headteacher and is to be carried out in accordance with the Corporate Lone Working Procedure where staff have been appropriately categorised and control measures have been identified and put into place.

The lone working arrangements for staff who may undertake lone working on this site can be found in the Lone Working Procedures document in the Health and Safety folder in the school office.

## **Minibuses**

The Senior Admin Officer and Minibus Driver, in consultation with the Head teacher, are responsible for the operation and maintenance of the school minibus in accordance with requirements set out in the HCC corporate minibus policy.

All minibus drivers must have completed MIDAS training prior to being permitted to drive the school minibus.

## **Moving and Handling**

All staff must complete the moving and handling e-learning course every year without exception. Staff are not permitted regularly to handle or move unreasonably heavy or awkward items, equipment or children unless they have attended specific moving and handling training and/or have been provided with mechanical aids in order to work safely.

Any significant moving and handling tasks are to be specifically risk assessed in order that training requirements and mechanical aids can be accurately determined to ensure that the task is carried out safely. The Caretaker is expected to undertake regular physical work which would typically include significant moving and handling, so therefore he must attend a formal moving and handling course specific to the work requirements.

## **Off-site Activities**

Arrangements regarding off-site activities are managed in accordance with the Outdoor Education Service's procedures and guidance.

## **Physical Intervention**

Arrangements regarding physical intervention are set out in the Restrictive Physical Intervention Policy.

## **Provision of Information**

The Headteacher will ensure that information systems are established so that staff are periodically provided with information regarding safety arrangements on the premises. These systems include weekly staff meetings, meeting minutes and signature-based receipt of information.

Local health and safety advice is available from the Senior Admin Officer and the Caretaker, and the Children's Services Health and Safety Team can provide both general and specialist advice. The Health and Safety Law poster is displayed in the Staff Room.

### **Risk Assessment**

General risk assessment management will be co-ordinated by the Senior Admin Officer in accordance with guidance contained in the Children's Services Safety Guidance. Risk assessments must be undertaken for all areas where a significant risk is identified or a possibility of such risk exists.

The trained risk assessors on site, who are the Headteacher and Senior Admin Officer, will oversee the correct completion of risk assessments as appropriate. Risk assessments will be carried out by those staff with the appropriate knowledge and understanding in each area of work.

All risk assessments and associated control measures are to be approved by the Headteacher prior to implementation. Completed risk assessments are listed in the Risk Register and will be reviewed periodically in accordance with each risk assessment's review date as listed for review in the premises bring-up diary system.

### **Security**

Arrangements regarding security are based on the premises security risk assessment and are set out in the on-site security procedures which include emergency unlock routines.

### **Smoking**

Smoking is not permitted on the premises.

### **Stress and Wellbeing**

Wickham Church of England Primary School is committed to promoting high levels of health and wellbeing and recognises the importance of identifying and reducing workplace stressors. Stress management through risk assessment and appropriate consultation with staff will be periodically reviewed and acted upon in accordance with the Children's Services' and Health and Safety Executive's Management Standards, guidance and requirements.

On-site arrangements to monitor, consult and reduce stress situations are managed through risk assessments.

### **Supporting Pupils with Medical Needs**

Supporting pupils with medical needs, including the administration of medicines, will be carried out in accordance with the Supporting Pupils with Medical Needs policy.

### **Swimming Pool Management**

Arrangements regarding swimming pool management are set out in the Swimming Pool Operating Procedures, and in accordance with the Children's Services swimming pool guidance.

### **Traffic Management**

Arrangements regarding on-site traffic safety are based on the findings from the traffic on site checklist and are set out in the Traffic Management Plan. These measures have been shared with staff and the relevant provisions communicated to parents / visitors.

## **Training**

Health and safety induction training will be provided and recorded for all new staff and volunteers in accordance New Staff Induction Checklist.

The Headteacher is responsible for ensuring that all staff and volunteers are provided with adequate information, instruction and training regarding their safety at work. A health and safety training needs analysis will be carried out annually, from which a health and safety training plan will be developed and maintained to ensure health and safety training is effectively managed for all staff who require it.

All staff will be provided with following as a minimum training provision:

- ☒ Induction training regarding all the requirements of this health and safety policy;
- ☒ Appropriate local training regarding risk assessments and safe working practices;
- ☒ Updated training and information following any significant health and safety change;
- ☒ Specific training commensurate to their own role and activities;
- ☒ Periodic refresher training that will not exceed three yearly intervals;
- ☒ Appropriate annual e-learning courses to meet HCC mandatory corporate training requirements.

Training records are held by the Senior Admin Officer who is responsible for co-ordinating all health and safety training requirements, maintaining the health and safety training plan, and managing the planning of refresher training for all staff.

## **Violent Incidents**

Violent, aggressive, threatening or intimidating behaviour towards staff, whether verbal, written, electronic or physical, will not be tolerated at Wickham Church of England Primary School.

Staff must report all such violent and aggressive incidents to ensure that there is an awareness of potential issues and/or injuries, and so as to enable incidents to be appropriately investigated so that reasonable actions may be taken to support those involved and reduce the risk of similar incidents occurring in the future.

Violent incident reporting is completely confidential. Violent and aggressive incidents are to be reported using the incident reporting system.

## **Visitors**

All visitors must initially report to the school office where they will be provided with the key health, safety and fire safety information to enable them to act appropriately and safely in the event of an incident.

Visitors to the premises will be asked to sign the visitors book and read the health and safety leaflet and will be provided with a school lanyard.

## **Work at Height**

Work at height is always to be undertaken in accordance with the Corporate policy on Work at Height. At Wickham Church of England Primary School including Extended Services use, general work at height will be undertaken in accordance with the on-site generic risk assessment for work at height which identifies general requirements and safe working practices. Specific or higher risk tasks will be carried out in accordance with a specific risk assessment for that task.

The competent person for work at height on the premises who has attended the Caretaker Support Service Ladder and Stepladder Safety half-day course is the Caretaker and he is authorised to:

- ☒ Use steps, stepladders and leaning ladders in accordance with their training;
- ☒ Provide step stool instructional training briefs to staff in accordance with SGP 23-08;
- ☒ Provide stepladder and steps training to staff using the Children's Services *Stepladder and Steps Safety* user training presentation;
- ☒ Carry out periodic inspections of all on-site ladders, stepladders and podium steps;
- ☒ Remove access equipment from use if defective or considered inappropriate for use.

The competent person for work at height and all other staff are not permitted to use any other access equipment for work at height without specific training. This includes the use of scaffolding, mobile towers and mobile elevated work platforms.

Work at height on the premises is only permitted to take place under the following conditions:

- ☒ Any work to be carried out at height must be underpinned by a risk assessment;
- ☒ Access equipment selected for work at height must be as per the risk assessment;
- ☒ Any staff working at height must be appropriately trained to use the access equipment;
- ☒ Staff are not to improvise or use alternative access methods of their own choice;
- ☒ Use of any furniture, including tables and chairs, is forbidden for any work at height;
- ☒ Staff may only use step stools if they have received a local instructional training brief;
- ☒ Staff may only use stepladders if they have received training from the ladder and stepladder competent person;
- ☒ Staff may only use leaning ladders if they have personally attended the Caretaker Support Service Ladder and Stepladder Safety half-day course within every three years;
- ☒ Any safety concerns about a work at height task must be raised prior to work starting;
- ☒ Access equipment used on site such as ladders and stepladders must only be that provided and are never to be lent to, or borrowed from third parties or contractors;
- ☒ Contractors working at height are to be appropriately supervised and must only use their own access equipment.

## APPENDICES

- A. Asbestos Register (in Admin Office)
- B. Emergency Evacuation Plan
- C. Fire Safety Manual (in Admin Office)
